

- Promote your business using mobile and landline-friendly 03 numbers.
- Unify each and every caller's experience using interactive advanced call plans.
- Ensure callers never hear 'engaged' or 'dead' tone or their call rings 'unanswered'.
- Measure ROI, quantify call responses, review monthly call statistics.
- Keep your business telephone numbers for life - even if you move office.
- Present a national image, a national service has no linked location indicator.
- Appeal to all callers: 03 Numbers are included in mobile bundle packages.

Facts on National 03 Number Services

- The new 03 ranges were released with the concept to encourage organisations to replace 0845 and 0870.
- Some 0870 after 2009 moved to 0370, some to a new 0844 or 0871 to continue receiving revenue.
- Prior to 2009, 0870 owners often received revenue, now 0870 may be chargeable per minute.
- 03 numbers should work like any other 01/02 landline number when called from abroad.
- In 2009 Ofcom released an 034 number for each 084 and similarly 037 for each 087.
- Network operators can not apply any access charge to any 03 phone numbers.
- 0300 or 0303 are strictly for use by government, UK not-for-profit Ltd or UK charities.
- Since 2011, more calls and minutes are consumed by mobiles than by fixed landlines.
- 0333, 0330, 0345, 0370, 0344, 0371 are all standard use for any UK or overseas organisation.
- Owners of 0845 have a landline rated option, on a van sign can 'cut the 8 in half to become 0345'.
