Facts on National 087 Number Services

- These national 0870, 0871 or 0872 numbers carry a service charge from 1p/min up to 13p/min.
- 0870 or 0845 may be included in some mobile bundles too, whereas 0871 usually is not.
- 087 owners can receive a totally free service delivering calls to UK landlines or mobiles.
- UK 087 numbers may work if called from overseas, but 087 is for use within UK only.
- Since 2011, more calls and minutes are consumed by mobiles than by fixed landlines.
- Access charges from landlines or mobiles range from 5p/min up to 44p/min.
- Owners of 0871 receive a nominal revenue/minute - usually no revenue on 0870's now.
- Owners of 0870 have a landline rated option, on a van sign can 'cut the 8 in half to become 0370'.
- In addition to service charge, an access charge is applied by the network that dials the 08 or 09 number.
- 0870 is not all premium rate, only numbers with a service charge of over 10p/min are classed as premium.
- All 'business to consumers' using 087 must declare the service charge per min of their advertised numbers.
